Mr. Kermit Geary
R. F. D. #2
Walnutport, Pa.

Dear Mr. Geary:

This will acknowledge receipt of your communication of the 24th in reference to receipt of our signals and announcements on that date. At the time specified we were testing and are not on the air as yet. We expect to be broadcasting about the first of the month and will operate in the morning from 7 AM until midnight each day.

I doubt that you will be able to pick up our standard broadcasts in the evening due to the fact that we have directional antennas in order to protect against Hartford, Connecticut. In doing so, I feel sure it will protect against all eastern stations, and the signal will go more to the north than the east.

May we thank you for your very detailed letter, and if you are able to pick up our signal after we are in regular program operation, we will appreciate hearing from you.

Very truly yours,

MON-YOUGH BROADCASTING COMPANY, INC.
