Mr. Kermit Geary
1266 Riverview Drive
Walnutport, PA. 18088

Dear Mr. Geary,

We were very happy to receive your letter concerning WNVU. You did indeed hear us on 1510 kiloHertz. We are a daytimer operating at 250 Watts. Starting in May we will be signing on at 6AM and signing off at 8:30pm.

WNVU's format is Urban Contemporary meaning that we primarily play the top hits of Black artists. On Saturday and Sunday mornings we air a nationally syndicated TOP 25 countdown show called "Highlights." Sign-on till 10AM on Sundays we have a jazz show with Buck Brice. Our news comes from The National Black Network and is aired on the hour.

You mentioned WRAN in Dover, New Jersey. Coincidentally, I will soon be working for that station as a news reporter. The new owners are upgrading the equipment there and will be getting some, if not all, of their programming via satellite. I noticed in my Broadcasting magazine that they applied for new call letters (WMHQ??). You may also be interested in knowing that a new station in Oakland, New Jersey is expected to go on the air for the first time August 1st. The frequency slips my mind, but the company is called Rama Communications and is in Oakland. Peter Murphy will be the General Manager.

I'm originally from northern New Jersey and will be moving back soon. Again, thanks for your interest in WNVU. Feel free to write to us anytime.

Sincerely,

Linda Gevers
News Director
