

VERIFICATION OF RECEPTION

WU 

1010 kcs. — 250 watts

LEWISBURG, PENNSYLVANIA

Thanks Mr. _____

Your reception report of our station on _____
has been checked with our logs and found correct. We
appreciate hearing from our listeners.

By _____

Mr Kermit Geary:

Thank you for your report of reception on WUOQ (formerly WUOS), which is accurate. We have a covering radius of 60 miles in all directions & do have a Canadian station on the same frequency. We are 100 KC 250 watts, daytime only, on the air Sept 1957, with call letters WITT, changed to WUOS, then to WUOQ this June.

Walter Westcott
