Mr. Kermit Geary
R.F.D # 2
Walnutport, Pa.
USA

Dear Mr. Geary:

This is to verify your QSO of our program of
December 21, 1947 6:40 - 7:01 AST.

I am quite pleased with your report Om. This
being only 250 watts and giving good program service at a
distance of 1400 miles is something.

Thanks for your report and the Seasons Greetings
to you.

70,

G. E. Scheilhas
Chief Engineer
