Dear Mr. Geary:

This will acknowledge your letter of November 15, 1948. This will serve as your verification of picking up W.L.B.G. as your report was a complete verification of our broadcast November 14, 1948.

We are using a tower of 285 feet overall wind-charger. We are using Raytheon equipment throughout. Appreciate your verification and from time to time, if you should pick up our signal, would appreciate you notifying us. Thanking you,

Cordially
