Dear Sir:

Thank you for the signal report to us received here today. We also, are at a loss to explain the two periods of reception, unless just before/just after totality had some effect on the strength.

A check of the logs (I was on duty at that time) reassures me that the program went out at the same power and was uninterrupted. The times you have are correct.

It most certainly was WQIZ that you heard. Thanks again for the reception report.

Yours truly,

WQIZ INCORPORATED
