MUTUAL BROADCASTING SYSTEM

April 11, 1961

Kermit Geary
R.D. 2, Box 298
Walnutport, Pa.

Dear Kermit:

We are always glad to hear reports on our signal, especially from as far away as you are. We run our frequency modulated tape for a frequency check the 1st Thursday of each month. Claude Gray of Birmingham, Alabama, is our monitor.

WATO came on the air 1490 kc, 250 watts in 1948. WOKE started operation in 1952, I believe, 1290 kc, 1 kw day 500 w directional at nite, we moved our 250 w equipment to Fountain City about 20 miles away as WROL, 1490 kc and took over the operation of the old WOKE equipment January 18, 1958, as WATO, 1 kw daytime 500 w directional nite time. The call WOKE is in Charleston, South Carolina, by the original owner of the Oak Ridge WOKE.

Thanks for the very interesting letter.

Very truly yours,

RADIO-ACTIVE BROADCASTING, INC.

Paul E. Lewis
