Jamestown Broadcasting Co., Inc.

The Voice of Fentress County

Jamestown, Tennessee

1260 KC
1000 WATTS

January 12, 1958

Mr. Kermit Geary,
R.D. 2, Box 298,
Walnutport, Pa.

Howdy Kermit:

We thank you very kindly for your excellent DX report on the reception of signals from WCLC on Monday, January 6, 1958. All the program items that you list are correct so please accept this letter as our verification of your reception.

That record that you made reference to as Sunday or Monday morning, is Fats Domino's Blue Monday, and the other selection in question was Patty Baby. This was my first experience at announcing but CE Jim Spires said that if I would do the talking he would play the records. HI. I did knock off for a few minutes at 4 AM, EST in order to get a log on WEEP's DX on 1080 on my car radio. However, WLEO didn't make it here.

So far we have received 39 reports from our test broadcast and expect a few more, we are very pleased with the results on the unfavorable 1260 spot.

WCLC started regular program schedule at 5 AM, CST on the morning of October 28th, 1957. We are now operating from 5 AM to 5 PM CST, Daily.

Jamestown is the county seat of Fentress county, Tennessee and is located atop the beautiful Cumberland Plateau, about 100 miles east of Nashville.

Thanking you again for your fine report, I am

DXingly yours,

Bill Prater

William J. Prater, NRC member,
