Mr. Hermit Geary
R.F.D. # 2
Walnutport, Penna.

Dear Sir:

This will verify your reception of WDXI on the morning of October 22, 1948 from 3:05 to 3:30 am Central Standard Time.

I was very pleased to read your report and to note how thorough you reported your reception and of course I was also pleased to know that WDXI came in so clearly.

I am sorry that I have just now gotten around to sending you a veri. but I have been very busy as I am also chief engineer of WENK, Union City, Tenn.

In the event you may be interested I will give you our frequency check schedule. We transmit our frequency checks on the second Monday morning of each month from 2:15 am to 2:25 am Central Standard Time. Again I wish to thank you for your very neat and complete report.

Very truly yours,

James S. Thomas
James S. Thomas
Chief Engineer
