

MORGAN BROADCASTING COMPANY
10,000 Watts

January 24, 1989

Mr. Kermit Geary
1266 Riverview Drive
Walnutport, Pa. 18088

Dear Mr. Geary:

This is to acknowledge and thank you for your report of the reception of WHJM on December 20, 1988.

I apologize for taking so long to get back to you, but just like everyone else, we have been doing a lot of year-end reports, etc. and catching up from the Holidays.

We wish for you a great New Year and all the best in '89.

Your report of reception for WHJM is accurate, however I will tell you that on January 16, we changed our format from Pure Gold to the Big Band Sound and we are known as 'The Memory Channel'. I hope that you will pick us up again but I wanted you to be listening for this new sound.

The power output of the transmitter at the time of your reception was twenty-six hundred watts. Our license is for 10,000 Watts and with 2,600 watts during critical hours. Pretty good coverage, isn't it?

Thanks again for taking time to write to us and thanks for your nice comments.

We'd love to hear from you again.

Sincerely,

Harry J. Morgan, Owner
MORGAN BROADCASTING COMPANY

HJM/gsm
