Kermit Geary
R. F. D. #2
Walnutport, Pennsylvania.

Dear Sir:

This will confirm your reception of KELP doing our frequency check on the morning of Oct. 8, 1947.

Our Equipment is Raytheon 1000watts into a 250' antenna with 240 radials 275' long.

We are located just a stones throw from the Rio Grand and Old Mexico. In fact our transmitter is in the old river bed of times past.

Yours Truly,

Jesse Martin Neil, Jr.
Chief Engineer.
