Walnutport, Pa.

Dear friend Kermit:

Thanks very much for reporting reception of program from KGNC.

On the basis of items and times noted we are pleased to verify your reception of KGNC from 2:08 a.m. to 2:21 a.m. ~~CWT~~, October 25, 1942.

On October 16th, we had the misfortune to get a direct lightning hit on our 375 ft. vertical radiator, and as a result lost our tower tuning house and antenna tuning network.

The program which you heard was a test after completion of construction of new tuning house and tuning network.

Thanks again, Kermit. Hope you hear us loud and often. 73

Sincerely yours,

KGNC Engineering Dept.
