Dear Mr. Geary:

This letter will confirm your report of the signal from WMVA during a recent test program. We wish to offer our thanks for your kindness in writing, and apologize for the delay in answering. However, due to the rush in getting things organized for going on the air, we have been so busy that this matter had to be postponed.

At the suggestion of Mr. Ernest R. Cooper, of the National Radio Club, 438 East 21st Street, Brooklyn, NY, we are going to run a special DX program April 22nd, from 4:00 to 5:00 AM, and we would be glad for you to listen in and give us your report at that time.

Sincerely Yours,

R. Hoy Whitlow
