Dear Mr. Geary:

301 West Main Street

Thank you for your visit to the Chamber office today. Listening to your tape recording of the broadcast was quite exciting to know that you picked up our radio station 160 am WPJM404 in far off Pennsylvania. I estimate the watts to be 20 per station.

Waynesboro VA 22980

The system was developed for the tourism program for Waynesboro and Augusta County, with VDOT and the city of Staunton as partners. To our knowledge, this is the first such system in the state of Virginia. We have five stations in the area, all broadcasting the same loop message.

Thank you again for your interest.
