December 20, 2000

Mr. Kermit Geary
1266 Riverview
Walnutport, PA 18088

Dear Mr. Geary:

This letter is in response to your most recent correspondence dated December 8, 2000. The HAR radio messages that you mentioned appear accurate. Our new call sign is WPQE514 on 1620 kHz.

Our partnership with the regional tourism agencies allows them to place and update our radios with tourism messages which we can pre-empt with emergency broadcasts when necessary. For the most part unless unusual circumstances exist these radio locations should be constantly broadcasting.

If you have any further questions please don't hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Steve K. Tribble".

Steve K. Tribble
Technical Supervisor
