Dear Mr. Geary,

Being the operator on watch the evening you picked us up I was extremely pleased to receive your letter and shall treasure it as a great achievement. We operated 17 hours daily now on 1460 with 500 Watts. Your discription of our sign off was very accurate. Am enclosing a QSL card for your collection. Thank you very much for your interest and good wishes. Please continue correspondence every time you get a chance to pick us up. Thanks again. Iam,

Most respectfully yours,

Jim Thain
