

November 15, 1939

Dear Sir:

Thanks for your excellent report which we hereby verify. We were only testing for local quality November 7th when you received us and no effort was being made to get DX. 250 watts, 880 kc. RCA and Gates equipment. Lehigh tower 250 feet. Your report on our signal is most gratifying indeed. We highly prize your report I assure you.

Thank you for this report and hope you hear us again.
