Dear Mr. Geary:

I'm sorry for the delay in answering your report..but you can, no doubt, understand how busy we've been..opening a new station.

For your records, I would like to verify that you did receive WDUZ, 1400 KC, 250 Watts on the mornings of June 20 and July 21, 1947.

Thanks very much for sending us your report and good dxing to you.

Sincerely,

Secretary
