KLUK

Evanston, Wyoming

March 16th, 1954.

Mr. Kermit Geary,  
R.F.D. # 2,  
Walnutport,  
Pennsylvania.

Dear Mr. Geary:

Please accept this our verification of your report of our DX test of Feb. 15th, 1954. It was a pleasure to put a program on for the "DXers".

We were very sorry however that the program was interfered with so much that in many cases it turned out to be so much 'hash'.

Our station here consists of a Gates Transmitter, 250 A, 200' windcharger tower, and 120 radials 200' long.

Once again we thank you for the report, may you hear us again!

Very truly yours

Chief Engineer.
