Dear Mr. Geary,

Yes, you did receive 92 ZEW on the evening of July 4, 1989. At that time, we were broadcasting at 3,000 watts (we're now at 6,000 watts).

I apologize for not responding to your first request for verification. I, too, enjoy searching the band for distant stations, however, limited to AM. I noticed that you use a tube-type Zenith receiver. I used to have an old McIntosh receiver that would pick up distant FM signals.

Thanks for your interest, and for listening to 92 ZEW.
