R.D.Box 298
Walnutport Pa.

Dear Sir:

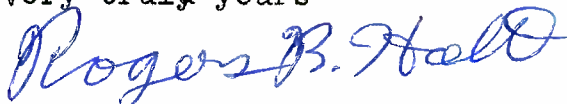

WGMS-FM is pleased to verify your reception of WGMS-FM on Saturday January 9, 1960 from 5:56 PM to 6:10 P.M.

Whereas WGMS-FM is situated in a rather poor location in order to compete with FM stations of the Washington area that are located in the downtown district, it is nevertheless serving an area not covered by other FM stations.

All Stations (FM) in this area have the same licensed power which is 20,000 watts erp. People who have poorly designed and manufactured FM sets have a lot of trouble from interference of other FM services, such as aircraft, taxi, and neon signs.

Thank you for your reception report.

Very truly yours

Rogers B. Holt
Chief Engineer
