Dear Mr. Geary,

Thank you for your letter of July 21, 1975 which accurately reported hearing our signal on July 20, 1975.

The frequency indicated and program log data are both correct as reported by your letter.

Our effective radiated power is 100KW. The transmitter, studio and tower are located on Plantation Key, in the Upper Florida Keys. Our tower is 440 feet high. Portions of our program are automatic.

I regret being late in replying to your letter; but, I have been on vacation.

Again, thank you for the letter. Hopefully you will be able to visit us some day.

Yours truly,

William B. Zammit
Chief Engineer
