Mr. Kermit Geary
R.D. 2 Box 298
Walnutport, Pa. 18088

Dear Mr. Geary;

We were very pleased to receive your letter dated June 30, 1973, in which you stated you had received our station over your facilities. You were correct when you stated you heard a little league ballgame over our station on the evening of June 29th.

Our output is 3000 watts and our tower height is 275 feet.

We would like for you to know our station was picked up on June 30th by a Mr. John L. Scott of Peterborough, N. H. We received his letter the day before we received yours.
