Mr. Kermit Geary
Rural Route 2, Box 298
Walnutport, Pennsylvania 18088

Dear Mr. Geary:

Thank you very much for writing to us about receiving our signal in Walnutport. I checked our log for the 24th of May and find your report to be quite accurate. Of course, my guide is the E.B.S. Test. We also have a musical program of "Musical Matinee" at this time. I am sending you one of our past program schedules.

The technical information you wanted concerning power, etc. is:

Transmitter Power -- 3 kw
E.R.P. -- 11.5 kw
Antenna Height -- 412 feet

I do thank you, Mr. Geary, for the interest you have shown in sending this information. It will be useful in our educational operation. Teaching, I'm sure, will make use of this unusual example.

Good luck to you in your interesting hobby.

Sincerely yours,

Buddy M. Kline
