R.D. 2, Box 298

Dear Mr. Geary:

Thankyou so very much for your reception report of our station, dated June 19, 1972.

Please forgive me for my delay in responding to your request for a reception confirmation. You will be interested to know that we have been quite busy installing a more powerful transmitter, operating with an antenna that is about 300 feet higher at this end. If you heard us well before, you should now receive an even better signal.

It is unclear to me whether your reception of our station is due to your optimum receiving location, or to some temporary disturbance. But if conditions should continue such that you can receive us well in the future, we will be glad to have you as part of our family, enjoying the "Sound of the New Life!"

May God richly bless you--that is our prayer and our purpose.

In His service,
Family Stations, Inc.
