Dear Mr. Geary:

This will acknowledge receipt of your letter of September 26, 1969 reporting reception of WMAR-FM on September 25th. Your log of our programming is correct.

We are presently operating on 20 KW with a horizontal antenna ~~at~~ 374 feet. We expect to increase our power to 50 KW both vertically and horizontally and move to the 700 foot television tower sometime in November. This will result in even better reception of WMAR-FM.

Thank you for such a detailed and interesting letter.

Sincerely yours,
