

July 11, 1972

Dear Kermit,

I received your letter yesterday saying you had received us in Walnutport, Pa. We were to say the least very surprised and happy to have reached the east coast.

KCLC*FM is a student run, non-commercial station serving the greater St. Charles St. Louis area. Our transmitter and studios are located on the Lindenwood College campus.

All of us here at KCLC*FM hope you enjoyed our broadcast and that you will continue to try and pick us.

Enclosed in this letter you will find our programming schedule. The only difference in it at the moment is that we do not sign on til 12 noon. The reason for this is lack of students to run the morning show during the summer months. Other than that we are on the air from 12 noon to 12 midnight six days a week and from 3P.M. to 12 midnight.

Hope to hear from you again sometime in the future. Thanks for tuning us in

Yours truly

Richard Michaels
