

THE SOUND OF
WONDERFUL MUSIC

WBUD-FM

101.5

20,000 WATTS OF
GLORIOUS STEREO

P. O. Box 158 • EWINGVILLE ROAD • TRENTON, NEW JERSEY • TUXEDO 2-7191

September 6, 1962

Dear Mr. Geary,

This is a letter to confirm your reception of WBUD FM at 101.5Mc., on September 2, 1962. The data concerning our programming was correct.

WBUD FM has an effective radiated power of 20,000 watts and is non-directional. The antenna height is 130 feet above the average terrain. We use Gates equipment almost entirely. Our broadcast day begins at 10:00am on Monday and ends at midnight Monday through Saturday. All of the music played on the station is in Full Range Stereo except on Sunday.

If you have any further questions, please drop me a line.

Sincerely,

Bill Hardin
Vice-President, WBUD FM
