

RADIO STATION WNTI-FM
Centenary College for Women
A TWO-YEAR COLLEGE
(Formerly Centenary Junior College)
HACKETTSTOWN, NEW JERSEY

January 13, 1960

Kermit Geary
R. D. #2, Box 298
Walnutport, Pa.

Dear Mr. Geary:

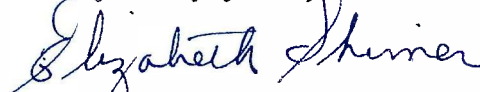

We at WNTI were very pleased to receive your letter of January 8 reporting satisfactory reception of our signal. I have read your letter to the radio students, knowing it would encourage them to higher technical and programming heights.

You are correct that you heard us at 91.9 megacycles on Friday evening, January 8 and your logging was most accurate.

The power output of our transmitter is 4.8 kilowatts; the height of our tower (antenna) is 128'. We are especially pleased to hear that you have had satisfactory reception without an outside antenna.

Any future comments, or criticisms, will be appreciated.

Very truly yours,

Elizabeth Shimer
Head, Radio/TV Dept.
