Dear Mr. Geary:

Thank you so much for your letter. We were delighted to learn that you logged WRVR (106.7 FM) on July 7 from 11:10 pm to 12:16 am Eastern Daylight Savings Time.

We appreciate the report you sent us. It is certainly most accurate and encouraging.

Our transmitter is a Gates 10 kw. (Model 10 A), antenna height above average terrain is 440 feet, effective radiated power 20 kilowatts and our hours of operation are from 9 am to 12:30 am.

Enclosed you will find a copy of our July/August New York Fine Arts Guide, which you will note gives the WRVR listings, the educational television listings, and a Fine Arts Calendar. We hope you will often have occasion to hear WRVR. Please let us have your reports frequently.

With much thanks for your interest in Riverside Radio WRVR,

Sincerely,

Claudia Lee Sable
Administrative Secretary
