Dear Mr. Geary:

It was a pleasure to receive your letter of March 10th in reference to reception of Radio Station WVCD.

We have referred to our logs of the date indicated in your letter, and we can confirm that indeed you were listening to WVCD.

Our FM facility uses a Gates FM 1-C Transmitter with a One Kilowatt output to a 2.7 gain-4-bay antenna. This, of course, provides an effective radiated power of 2.7 Kw.

If there is anything further we can do for you, please feel free to call on us at anytime.
