Dear Kermit:

Thank you for your letter dated March 11, 1984. We are happy to confirm your information and commemorate your listening occasion.

It is interesting that you received us on a "stock" receiver with no elaborate antenna system.

My wife and I are originally from Northern New Jersey. We occasionally travel East when we go back to New Jersey. I am able to hold our signal (using an FM converter on my AM car radio) quite strongly as far as Trexlertown. This would be at a point where Route 100 and Route 78/22 join.

We are seeking God's guidance and direction as to whether He (God) would want us to install a Translator(s) in the Allentown/Bethlehem/Easton area to expand our coverage.

Your description of our programs broadcast on the dates indicated are quite accurate.

Thank you for your input.

In His service,

John C. Banker
