Dear Mr. Geary:

Thank you for your letter of November 11, indicating that you are receiving our radio signal in Walnutport.

Your letter pleased us with the fact that our programming is reaching that far out of Selinsgrove.

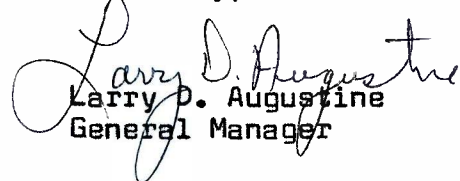

WQSU-FM is located at 88.9 MHz, and is an educational, non-commercial, non-profit station fully licensed by the Federal Communications Commission. WQSU has existed as a 10-watt campus facility of Susquehanna University since 1967. However, we did not increase power until March 20, 1975.

Enclosed is a program guide along with other promotional materials. I hope that this will be sufficient varification as per your request.

In case you are wondering why you have not been able to pick us up the past few weeks, it was because we were off the air due to Susquehanna University's Thanksgiving break. We also will be off the air for about two weeks during Christmas.

Thank you for your interest in our station, and if you are ever in Selinsgrove, please stop by our station at 530 University Avenue and say hello.

Sincerely,

  
Larry D. Augustine
