

Dec 1, 1971

Dear Kermit,

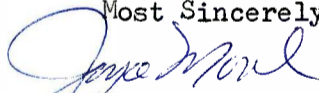

Thank you very much for your letter of Nov. 25, confirming reception of our station. According to your log portion, you most certainly were tuned to WRHY-FM. The power of our ITA-1000C transmitter is .895 kw. Our antenna is 133 ft., the overall height above sea level is 1013 ft.

Thank you once again for taking the time to write. We hope you'll be a steady listener.
