Mr. Kermit Geary
R.D. 2, Box 298
Walnutport, Penna.

Dear Mr. Geary:

It was with great pleasure that I received your reception report of WXPB - FM. We are an educational frequency modulation station transmitting on a frequency of 88.9 megacycles. Our licensed transmitter power is 1 KW, and our antenna height is 213 feet above ground.

The program list which you sent to us is accurate, and there can be no doubt that you are receiving WXPB. Congratulations to both of us!

Very truly yours,

James N. Silver
