

BRANDYWINE-MAIN LINE RADIO, INC.

P. O. BOX 690, MEDIA, PA.

WXUR-AM 690 KC

WXUR-FM 100.3 MC

March 11, 1962

Mr. Kermit Geary
R.D. 2, Box 298,
Walnutport, Penna.

Dear Mr. Geary:

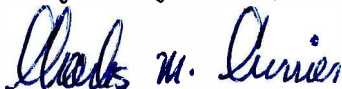

In reference to your letter of March 9th., I am pleased to confirm at this time your reception of WXUR-FM for your radio club log.

It was a very detailed report which is of much interest to us in studying our theoretical and actual radiation pattern.

As you know we must maintain our frequency tolerance within two thousand cycles of our assigned frequency of 100.3 MC in accordance with FCC rules & regulations.

You and other club members will be interested to know that in the near future we shall start broadcasting on our assigned AM frequency of 690 KC. This is a daytime operation with a four tower directional antenna system. Major radiation toward Philadelphia and West Chester, Pa.

Very Truly Yours,

Charles M. Currier, C.E.
WXUR AM-FM
