BETTY ROPER
PRESIDENT

August 20, 1973

Mr. Kermit Geary
R.F.D. 2, Box 298
Walnutport, Pa. 18088

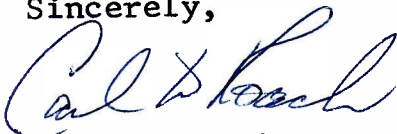

Dear Mr. Geary:

This will confirm your report of reception of radio station WTWE (FM), Manning, South Carolina on the evening of June 29, 1973.

WTWE operates with 3000 watts ERP with an antenna 158 feet above average terrain, approximately 100 feet above sea level.

Thank you for your report. We got quite a kick out of it, even though it did represent a freak situation.

Sincerely,

Carl D. Roach

CDR/ba
