Dear Kermit:

It was with great delight and much pleasure that we received your letter concerning the reception of KVTT up in Pennsylvania.

I am sorry that we have been so remiss in confirming your reception.

Your description of RADIO STATION KVTT and its programming was most accurate. You have all facts, including time, program, host and station identification correct.

KVTT is 100,000 watts and is located in the north part of the Dallas area. Our antenna is located 790 ft above the average terrain and is the southern part of Dallas County. I am enclosing a map showing the approximate coverage area.

We look forward to hearing from you again if you should be able to pick up our signal.

Yours very truly,

A handwritten signature in dark ink, appearing to read "Eldred Thomas", is written over the typed name and title. The signature is fluid and cursive, with a large loop at the end.
