Mr. Kermit Geary  
RD 2 Box 298  
Walnutport, Pennsylvania

Dear Mr. Geary:

Thank you for your very complete analysis of our station log on Friday night, May 21. This is to confirm your reception of our signal.

We broadcast at 50,000 watts from 340 feet 24 hours a day. We are completely thrilled at reports of reception such as yours. We have learned to expect miracles from a great God, and things like this constantly remind us of those miracles.

With thanks again for your kind letter, I am

Yours in Christ,

M. G. Robertson, President
