Kermit Geary
R. D. 2, Box 298
Walnutport, Pennsylvania 18088

Dear Mr. Geary:

It is with great pleasure that I consider your reception report and thank you for your fine letter.

Our antenna is an Andrew Multy V. Eight Bay, situated at York High School, 150 feet above ground level and 253 feet above sea level.

We are utilizing a three kilowatt G. E. FM transmitter which is 21 years of age. The transmitter uses phase modulation and is in excellent technical condition.

I hope this information satisfies your request. If you have any further questions, please feel free to drop me a line at any time.

Sincerely,

Mr. R. E. Tolbut
Chief Engineer
York High School
Yorktown, Virginia
