Dear Mr. Geary:

Your report on the reception of WHWC, Colfax, Wisconsin, on 88.3 mc. FM checks in detail with the program log for the period 5:45 to 6:05 p.m. C.D.S.T. and we are pleased to verify it for you.

Indeed you are far beyond the range at which we expect any of our FM transmitters to be heard. Apparently conditions were just right to provide a duct-effect for the signal.

Inclosed is information about WHWC and other stations in the Wisconsin State FM Network. We hope you may be able to hear others also.

Our thanks for your report on the reception. It is interesting -- and surprising -- to know what is happening.

Sincerely yours,

Harold A. Engel
