Mr. Kermit Geary
R. F. D. #2
Walnutport
Pennsylvania

Dear Sir:

We are in receipt of your most welcome letter dated March 16 and are very pleased to know that you are having such splendid reception. In checking our log, we find that your messages as written, both as to phrasing and timing, are correct and absolutely accurate.

The power rating of our police radio is 100 Watt by authority of the Federal Radio Commission, broadcasting on 1714 Kilocycles, designed and built by George Lucky at the Arlington Police Station in 1931.

Hope you will be able to receive our calls as well on FM as we expect to be on frequency modulation in the near future. We appreciate your continued interest in our Radio Department.

Very truly yours,

Charles W. Seaman

Chief Radio Technician
