

Police Department
HUNTINGTON, L. I., N. Y.
TELEPHONE 3210

May 2nd, 1944

Mr. Kermit Geary
R. F. D. #2
Walnutport, Pennsylvania

Dear Sir:

Thank you for your letter of April 29th reporting the fine reception of station W. P. G. O. The listings you have in the log are correct and we are glad to learn that we have such good output.

Our station operates on 2490 K. C. with 25 Watt output.

We sometimes pick up the Virginia stations on our receiver and also in our patrol cars.

Hoping you will advise us again some time as to how you are receiving us, I remain,

Very truly yours,

Chief of Police
