Mr. Kermit Geary
R.F.D. #2
Walnutport, Penna.

Dear Sir:

Wish to thank you for your letter of April 30, giving the report of our station.

We use the RCA 10-M transmitter, which is composed of a 1000 Watt output Radiotelephone section and three 500 Watt output Radiotelegraph transmitters, we use a 222ft. vertical radiator shunt fed.

Wish to thank you again and when you get your amateur station going look for W4FCF.

Very truly yours,

Milton N. Mc Coy
Chief Radio Engineer
