

UNITED STATES COAST GUARD

ADDRESS REPLY TO
CO CG Radio Station Miami
P.O. Box 287 So. Miami, Fla.
REFER TO FILE

7 November, 1947.

Mr Kermit Geary
R.F.D. #2
Walnutport
Pennsylvania.

Dear Sir:

We are very proud here at the CG Radio Station Miami-NMA to receive a letter such as yours, our confidence and pride in the output of our equipment is verified and renewed.

After checking our radio logs I find that you have a perfect copy of the Hurricane warnings broadcast at those times, the Notice to Mariners were perfect copies also.

We were fortunate enough to escape the full force of the hurricane here, tho we were fully prepared for it, all windows boarded up and equipment secured.

We use a Collins transmitter with approximately 2 KW output on A 3 for our broadcasts on phone

Thank you again for your very interesting letter.

Sincerely

M. H. KEARNS CRE USCG
Commanding Officer
