

RCA Global Communications  
Rocky Point, Long Island, New York  
World's Largest Radio Transmitting Station  
Lat. 40-55-26 N. Long. 72-56-10 W.

Dear Mr. Geary  
This is to acknowledge your report of  
February 2, 1970 concerning  
your interception of our transmission on  
2045KHZ during the times  
0457-0520 GMT. This trans-  
mission was radiated from our fixed point-  
to-point transmitting station located at  
~~Rocky Point, New York.~~

RCA Global Communications maintains  
other world-wide radio transmitting stations  
at Bolinas, California; Honolulu, Hawaii;

Agana, Guam; Manila, Philippine Republic;  
San Juan, Puerto Rico; and Tangier,  
Morocco.

Many thanks for your interest in radio, and  
for taking time to send us your very  
informative report.

A.V. Sulkowski
