

AUSTRALIA CALLING!

THE WORLD AROUND AUSTRALIA

FROM

YLG

MELBOURNE

OFFICIAL VERIFICATION OF RECEPTION

OF YLG 2-9:54 m/c/s - 725 - 8:30 AM - FWT - June 14, 1942
BY Mr. Kermit Geary, R.F.D. #2, Walnutport,
Pennsylvania, U.S.A.

VERIFIED BY *R.D. Brubaker Mitchell*

NOTE :—This unusual map, which is drawn to scale, shows Canberra, Australia's capital, as the centre of the world. The distance from the centre to the perimeter is 12,500 miles. So, by placing a ruler from your country through the centre of the map, you can determine your approximate distance from Australia.
