Dear Mr. Geary,

I am very pleased to verify your report on the reception of our station XGOY on 11,900 kilocycles on September 21st. Your good report checks with our log book and is of great interest to us. I shall be most grateful if you will tune in frequently and continue to write us from time to time informing us of your reception conditions.

Enclosed please find a verification card and a copy of our broadcasting schedule which might be useful to you for reference.

Many thanks for your good wishes to our country. The recent firm American attitude toward the aggressors has given us tremendous courage to carry on our resistance against the Japanese invaders. We are thankful especially to Mr. Roosevelt, your great and farsighted President.

With best wishes,

Sincerely yours,

Fung Chien  
Director and Chief-Engineer.
