FEB 26 1938

Dear Mr. Kermit Geary,  
We received with much pleasure your kind letter dated Oct. 22 1937 giving us your report on reception of our Overseas Programme on Oct. 21 on wave J & A, which will indeed be very helpful and useful to us.

As we are always eager to give satisfaction to our listeners, and are studying how to improve the equipment and programme of our broadcasts, your further co-operation will be highly appreciated by us.

Now we have much pleasure in reporting you that our programmes are ready for the widest distribution and should be received by you about the end of the month preceding that in which they will be broadcast. These programmes will be distributed to those who are interested in our broadcasts and who are so kind as to give us their frank advice and reports of reception frequently.

Enclosed you will find a questionnaire, which, we hope, you will be kind enough to fill up in reporting further to us in detail of your reception of our programmes. Please answer us freely in English, German, French or Spanish.

Hoping that we are not putting you to too much trouble, and

Thanking you in advance, we are  
Yours very truly,

KOKUSAI-KA
