Dear Mr. Geary :

Many thanks for your further letters of above dates,
kindly reporting reception of DJC, DIP, and DJB.

We were pleased to hear that the program dedicated to
the National Radio Club at York came over in such fine style and
in enjoyable clarity and volume despite the background operations
of our frisky Latin-American colleagues !

We were glad too of your prompt report on the DIP
transmission on October 12, and to learn that the signal strength
on the occasion was so fine, despite the non-directional nature
of the broadcast.

It is good too to know from your letter of October 15,
that DJB has been shaping so nicely since it has been giving the
special morning programs for North America. You will be glad
to see, by the current schedule, that from January 1st DJB will
be on the air for North America regularly each morning from 8 to
11.30 EST, so you'll be able to have musical accompaniment to your
breakfast coffee and rolls, if you wish !

Verifications of your logs have already been sent off
as requested, on November 12th, and we hope reached you allright.

This time we are sending you along a Picture Map that
you may like to put up on the walls of your listening post, giving
an amusing view of the associations of one sort and another of
places from which you may sometimes hear programs relayed over
Zeeseen. Please accept it as a sort of New Year's greeting with
our best wishes for all tiptop conditions during 1936, both on the
ether and off it.

Send regularly
progr. N. Amer.
Picture Map in E.

Veris. DJC, DIP, DJB
already sent 12.11

Yours sincerely,
REICHSRUNDFUNK-GESELLSCHAFT M.B.H.

P.S.--We have put you on our mailing list to get the printed programs
regularly each month in advance.
